1950

Dear Begonia Friends:

It is with a great deal of pleasure that we announce our taking over the retail business of Mr. Leslie Woodruff, proprietor of the "Fairylane Begonia and Lily Gardens", at Harbor, Oregon. They have taken on such a tremendous Hybridizing program with both Lilies and Begonias, and also they have their wholesale business to take care of, so that it was impossible to give proper attention to all their many retail customers. We are glad to be able to handle all of the many beautiful hybrid begonias, that have been developed there. In our own greenhouses now are many new seedlings being developed, and these will be offered after they have proven their worth. We are growing some sixty or more varieties and adding new ones as they come along. This does not include all the very beautiful Rex Begonias that we also have.

In order to release this price list at this time, we had to list some of the Begonias that we are short on. These are being propagated as fast as possible, but you know it takes several months to raise a plant to a saleable size. Some of the plants will be larger, and some smaller, but that, of course, depends upon the different types. All of them will be first class stock. We ask that you list several substitutes because at times we cannot always fill your orders. If you wish a collection of our choice, you may send any amount of money that you wish, and we will send you, our choice of plants, all different, plus two or three extras. Beginners may start a nice collection this way. We want to thank you for the past seasons patronage, and may we have the privilege of serving you again in 1950.

TERMS OF SALE

Cash must accompany all orders. No C.O.D. orders because of added expense and time in handling them. We suggest that you build your order up to several plants as that will save you money on the shipping charges. We ship by parcel post if the postage is included with your order. Otherwise, all orders will go out by Express Collect. If you wish an express shipment, please so state on your order. It is a wise policy to have your plants shipped, Special Handling. The cost is 20¢ extra, but your order will travel as fast as first class mail. If you would like Special Delivery instead, please include 35¢ extra and your order will be shipped that way.

To help pay the cost of packing and postage, please include as follows:

Orders under \$3.00	20% of Order	- - - - -
\$3.00 to \$5.00	15% of Order	
\$5.00 to \$10.00 up	10% of Order	

NOTICE

All prices in this catalog are subject to
change without notice.

Special Handling 20¢ extra OR Special Delivery 35¢ extra.

We exercise utmost care to keep our stock straight, but in keeping with other growers, no warranty is given, expressed or implied, and we can in no way be responsible for the crop as to variety or product. All Orders will be sent via Express, Charges Collect, unless adequate postage accompanies Order.

All claims for damage in transit must be entered against transportation agency by buyer. In case of error we will not be responsible for more than the purchase price.

D-VISTA BEGONIA GARDENS

FIBROUS BEGONIAS

DOUBLE SEMPERFLORENS

These are the Begonias commonly found in homes all over the United States. They usually have shiny green leaves, although few varieties have reddish brown leaves. The common types have single flowers, generally white, pink or red. We are, however, listing only the newer doubles.

SNOWBLUSH (Fairylend Hybrid)

An outstanding white double. Outer petals white, shading to pink in the center, at times almost to wine red. Compact growth. Everblooming. Excellent pot plant. 75¢ each

101 (Fairylend Hybrid)

A giant pink. We have grown blossoms as large as golf balls and just as round. Tall and vigorous. An excellent semperflorens. 75¢ each

RUBY JEWEL CALLA (Fairylend Hybrid)

A fairly new double with red flowers. Part of the leaves are splashed white, resembling Calla Begonia, of which this is a hybrid. The unfolding new leaves resembles a Calla lily blossom. A compact dwarf plant and does well in the house. It is a good idea not to allow more than one-third of the leaf area to become white. It must be grown on the dry side. This plant is extremely difficult to ship, and therefore, we are shipping only at the customer's risk. Many methods have been tried but at times the plants will rot in route. They are beautiful plants but are difficult to ship. \$1.00 each

Both Ruby Jewel Calla and Pink Jewel Calla are shipped at CUSTOMER'S RISK ONLY.

PINK JEWEL CALLA (Fairylend Hybrid)

This plant is a sport of the Ruby Jewel Calla and has rose pink double blooms, green and white leaves. It must be grown on the dry side. Shipped at customer's risk only. \$1.00 each

REDDY (Fairylend Hybrid)

A newer large and very red double. Foliage takes on bronzy color in sunlight. Tall, vigorous and very useful as a bedding and pot plant. 75¢ each

GENEVA SCARLET BEAUTY

(Fairylend Hybrid)

Low compact growth. Flowers double red and ball like. Will grow fairly large with feeding. Everblooming. 50¢ each

BABY PINK (Fairylend Hybrid)

A very compact grower. Double, medium-sized pink flower. Blooms profusely. Makes a nice contrast with the other doubles. 50¢ each

FIBROUS BEGONIAS

TALL VARIETIES

CORAL RUBRA

A tall growing vigorous Begonia. Resembles bamboo. Light green leaves with coral flowers in large drooping clusters. Stock limited. Orders filled as soon as stock is available. 75¢ each

WHITE RUBRA

Grows to three feet tall. Leaves green and Rubra shaped. Flowers white in small clusters and fragrant. Everblooming. Stock limited. 75¢ each

ORANGE RUBRA (1947) (Fairylend Hybrid)

A cross between Dichroa and Coral Rubra, back with Dichroa. Fairly tall and erect growth. Flowers are in beautiful orange clusters like Lucerna. Orange is a rare color in Begonias and this new plant is really outstanding. A wonderful pot plant. Blooms profusely. Orders will be filled as stock is available. \$1.25 ea.

MRS. W. S. KIMBALL

This specie comes from Bombay. Grows to two feet tall. Flowers are large soft pink. A very handsome plant. 75¢ ea.

PINK SPOT LUCERNA (1947)

(Fairylend Hybrid)

A seedling of Corallina Lucerna and Dichroa. Smaller, darker green than Lucerna and has striking pink spots in place of the normal silver spotting. Flowers are very lovely light red. Grows three to three and a half feet high. Stock limited. Orders filled as stock is available. \$1.25 ea.

CORALLINA LUCERNA

Tall grower, to eight feet or more. Vigorous, erect, smooth stem. Leaves large, dark green with silver spots. Flowers deep pink in large clusters. One of the best. 75¢ ea.

SMALL TO MEDIUM HEIGHT

MRS. SCHINKLE

Coccinea seedling. Erect branched. Leaves bright green. Flowers small, pale orchid pink. This is a beautiful pot plant. 75¢ each

ARGENTA-GUTTATA

Medium erect. Stems stout and thickly branched. Leaves olive green, silver spotted and red beneath. Flowers in medium-sized clusters, creamy white and sometimes pink tinged. 75¢ each

GUINEA'S WING

Leaves deep green, heavily silver spotted and pink beneath. A very decorative Begonia. 50¢ each

MEDORA

A smaller slender Begonia. Branches usually droop. Leaves long, glossy green and heavily spotted. Flowers few, large pink. Stock limited until spring, 1950. 75¢ each

GRACE (1934)

Bamboo like growth. Smooth stem. Flower soft pink, shading to white. 50¢ each

METALLICA

Erect to two feet or more. Bushy leaves, glossy olive green, with metallic purple veins above. Light pink flower clusters. Large and showy. Stock limited until spring, 1950. 75¢ each

ODORATA ALBA

A choice fragrant Begonia. Grows tall but can be kept at any height by pinching. It has glossy green leaves with large clusters of fragrant white flowers. Stock limited. 75¢ each

CORBEILLE DE FEU

Tall, to three feet. Stems slender, erect, branches lax. Leaves small, oval, bright green. The flowers are coral red in numerous small clusters. 50¢ each

TEA ROSE (Fairylane Hybrid)

A seedling from Odorata and Dichroa. A very lovely houseplant, medium height, green leaves that take on a reddish cast in the sunlight. The pink flowers are in clusters held above the foliage and have a tea rose fragrance. Everblooming. 75¢ each

WILLY BLY

It grows to three feet. Bushy hairy leaves, very dark green in color. Red bearded flowers. Distinctive. 50¢ each

FUCHSIODES (Mexico 1846)

Tall, smooth, erect, with branches arching. Leaves very small and dark green. Flowers fuchsia like, bright crimson. Ornamental. 75¢ each

DIGSWELLIANA

Bushy, leaves small and glossy, light green, reminiscent of a small holly leaf in shape. Flowers numerous. An easy Begonia to grow. 50¢ each

FLORIFUNDA

A tall growing smooth stem Begonia. Flowers are very small, fuchsia like. Resembles fuchsioides except has delicate pink flowers. Different. 50¢ each

SCHARFFI

This specie comes from Brazil. Grows two feet or more tall. Very bushy and large leaves. Flowers large, pale pink, pink bearded without, in large clusters. Erroneously named B. Haageana. One of the choicest in our opinion. 75¢ each

MRS. FRED SCRIPPS (Calif. 1935)

A chance seedling. Tall to five feet or more. Vigorous, bushy. Leaves seven-lobed, olive green, red beneath. A handsome foliage Begonia. Stock very limited. \$1.00 each

THURSTONI

Bushy to two feet tall. Leaves glossy, bronzy, green, red beneath. Flowers small pink. 50¢ each

ALTO SCHARFFI (Fairylane Hybrid)

This is a very lovely cross between Scharffiana and Alto da Serra. Grows taller, leaves larger, and has a larger white flower. Leaves very dark green and red beneath. Different. 75¢ each

WELTONIENSIS (Eng. 1868)

Semi-tuberous. Bushy, leaves shallowly lobed, light green with purple veins. Flowers pink. 50¢ each

TINGLEY MALLETT (France 1884)

Shrubby to a foot and one half. Stems erect, branched. Leaves medium and metallic-red in color. Flowers clear pink in clusters. Handsome. Stock limited. Shipped as available. \$1.00 each

NEW HAMPSHIRE

Fairly tall. Green leaves blotched with yellow. Flowers pale pink. Sometimes erroneously named B. Lepidota. No plants until summer 1950. 50¢ each

RHIZOMATOUS BEGONIAS

RICINIFOLIA (Eng. 1847)

This Begonia has enormous bronzy leaves which rise on long stems. Blooms stocks three to four feet tall with the bloom clusters about 18 inches across.

Flowers small but produced in great number. If you want to grow a large Begonia, better give this one a try. Excellent houseplant. 75¢ each

MANICATA (Mexico 1837)

We have available a few Manicata seedlings. Leaves fleshy, smooth green, margins toothed. Collar of coarse red hairs at top of leaf stock. Tall panicles of many soft drooping flowers.

75¢ each

CAROL STAR (Fairylend Hybrid)

Caroliniaefolia X Sunderbrucki cross. This hybrid makes a very deeply cut leaf. Light green in color. The leaves stocks are quite tall, giving a palm tree effect. Flowers are in sprays on long stems high above the foliage. We cannot recommend this too highly as a lovely all year round houseplant. Stock limited. Order early. \$1.00 each

JIMMY DECKER

Flat glossy green leaves, similar to Feastii only larger. Low growing. Grows easily. \$1.00 each

RUBELLINA (Eng. 1883)

Medium Rhizomes creeping. Leaves broad with pointed lobes, bronzy green with chocolate-spots on the upper side, underside red. Erroneously named Rubella. Stock limited. 75¢ each

FEASTII (Berlin 1849)

Medium small Rhizomes creeping. Dark olive green, glossy leaves, red beneath, overlapping. Flowers pink drooping in tall erect panicles. One of the easiest of all Begonias to grow. 50¢ each

BUNCHI

A sport of Feastii. Lighter green leaves, red tinged, ruffled and crested at the margins. Flowers similar to Feastii. Also, easy to grow. 50¢ each

SUNDERBRUCKI

Leaves bronzy green, large and deeply cut into long lobes. Blooms in the spring with large clusters of light pink flowers. Very nice houseplant. Recommended highly.

75¢ each

SUNDERBRUCKI X AUTUMN

A very striking Begonia. Leaves have black centers, shading to dark green on the tips. Color comes from its Rex parent. Slightly smaller than Sunderbrucki but has the same pink flowers. Stock limited. Will ship as available.

75¢ each

MRS. TOWNSEND (Eng. 1895)

Grows like Feastii. Leaves small fleshy green, shallow rounded lobes, toothed. Flowers deep pink. Stock limited. 50¢ each

SPECULATA

A low growing Begonia that has leaves which resemble grape leaves. Rhizomes small. Leaves dull green with lighter green areas. Flowers white and drooping on erect stems. Stock limited on this Begonia.

50¢ each

PEARLI

This Begonia resembles Speculata. Leaves light green, pebbled, overlaid with a pearly glow. Origin obscure. \$1.00 each

VERSCHAFELTI (Switzerland 1853)

This is a very handsome Begonia with large thick rhizomes that grow erect. Leaves good sized, glossy, bright green. Clear pink flowers drooping in tall pink panicles. Stock limited until spring 1950. 75¢ each

BEGONIAS

UNUSUAL

SPECIES

RICHARDSONIA (South Africa 1871)

Semi-tuberous with a very small different type of foliage. Bushy and not too tall, likes shade. Flowers are small and white. Too much water will drown it. Sometimes erroneously named Richardsoni. 50¢ each

FOLIOSA (Columbia 1825)

This is the smallest leaved member of the Begonia family. It looks like a fern. Growth bushy and branches arching. Leaves extremely small. Very small white or pink tinged flowers. If you want something different, this is it. However, stock is limited.

75¢ each

ALTO DA SERRA

The seed that produced this plant came from Brazil in 1943. It grows to about 15 inches tall. Stems and branches soft, hairy. Leaves velvet like in texture. Olive green, red at the margins, red fleshed beneath. White flowers with red hairs. Will propagate on order. 75¢ each

SCHARFFIANA (Brazil)

This Begonia will make a nice basket plant. Low, compact, spreading. Densely covered with white hair. Sturdy grower with large thick hairy rounded leaves. Dark green above and red beneath. Stock of this Begonia is very limited. Will propagate on order.

75¢ each

JOHNSTONII (Africa 1844)

A very succulent tall branched bright bright green Begonia, streaked with red. Leaves glossy bright green above. Flowers large, soft pink in few flowered four to five inch arching stocks. No stock ready until spring 1950. \$1.00 each

GRIFFITHI (Bhotan 1857)

This is a beautiful specie that all Begonia lovers should have. The leaves are small and heart shaped. Olive green with lighter green branches and covered by dense soft velvet like rosy hairs. This Begonia is rare, but we do have a good supply. \$2.00 each

LUXURIANS (Brazil 1846)

This Begonia resembles a palm tree and will grow ten feet tall. However can be kept at any height by pinching. The leaf is divided into leaflets numbering as high as 16. Flowers are very tiny carried in huge clusters. Ornamental and distinctive. \$1.00 each

BOLIVIENSIS (Bolivia 1857)

This Begonia is a tuberous specie of which our tuberous rooted hanging basket plants are direct descendants. Stems are succulent. Will grow three to four feet tall. Leaves are oblong and taper to a slender point. Glossy dark, green in color. Flowers Fuchsia like and orange red. The culture is the same as Tuberous Begonias. Rare and different.

Tubers - \$1.00, 50¢, 35¢ea.

CATHAYANA (South China 1908)

Grows to about 18 inches or more. Soft, hairy, stems erect, leaves long oval pointed, olive green with a lighter green band. Red beneath with crimson veins. An overall velvety appearance. Very showy but a little difficult to grow. Stock limited. Will propagate on order.

\$1.50 each

BEGONIAS

TRAILING AND CLIMBING

GLAUCOPHYLLA SCANDENS

This Begonia trails like ivy. The stems are slender and leaves wedge shaped. Leaves glossy, gray-green. Flowers coral red. Blooming in the spring. A handsome basket plant. Stock limited until spring 1950. 50¢ each

PINK SPRAY (1940) (Fairylant Hybrid)

A seedling of Odorata Alba. Medium pink flowers in large clusters and fragrant. This Begonia makes a beautiful ever-blooming basket plant. 75¢ each

IVY EVER (1941) (Fairylant Hybrid)

B. Martiana X Glaucophylla Scandens. A new evergreen Begonia with a drooping habit. Numerous stems rise from the base. Leaves very dark, green with a maroon purple zone between the veins. The single pink flowers are one-half inch in diameter. Stock limited. Will propagate on order. \$1.00 each

GIABRA (Costa Rica)

A climbing specie that resembles Philodendron. This Begonia will really climb if given a chance. Light green leaves with a waxy appearance. White flowers. 50¢ each

REX BEGONIAS

A wonderfully colored leaved group of the Begonia family. Rex's have more varied coloring than any other plant in existence. They are propagated by leaf pieces, which makes it slow and costly. They do not care for dry air in a room, so try and keep it moist as possible. We are working on new and better varieties each year.

BABY RAINBOW (1940) (Fairylant Hybrid)

If you want a miniature Rex, then this is the plant for you. This Rex hybrid has leaves about four inches long and the colors are very vivid. The leaf has shaded zones of pink, silver, and bright green with silver spots and a black-purple edge. Difficult to propagate in the winter months, so stock limited until spring and summer, 1950. \$1.00 each

CALICO (Fairylant Hybrid)

A medium leafed Rex, with no two leaves alike. A purple-black center zone and edge green central zone. The whole leaf is covered with 1/4" silver spots. Different. 75¢ each

BLACK GIANT (Fairylant Hybrid)

If you like dark colors in your Rex's, we suggest this one. The leaf starts out with a black center and edge with rose and silver zone, bordered with bright green. Color changes to black as they grow older. A very large and striking Rex. 50¢ each

CORDOZA GARDENS

A large brilliant colored Rex with a black center, edged with bright pink and shading into a green zone with lots of silver spots. 50¢ each

DUSKY ROSE (Fairylend Hybrid)

A black leaf, with old rose blotches between veins. Just a little more unusual than some of the other Rex's. Very lovely. 75¢ each

EMPEROR (England 1903)

A Cathayana X Rex-Cultorum crossed exhibited in England about 1903. The leaves are medium, stem-covered with coarse curly white hairs. A metallic-light green leaf, pimpled overcast with iridescent pink and violet. 50¢ each

FIREFLUSH (France 1866)

A wonderful Begonia that is generally easy to grow. The leaves are medium, up to 12 inches, and are of a reddish-green color and covered with thousands of red hairs. This gives a velvet look and feel. Flowers are light pink. One of the best of the Rex's. 50¢ each

HELEN LEWIS (Lewis 1940)

One of our best sellers and a very pretty Rex. Black center with a boarder of silver. Light will cause it to take on a lavender pink overlay. Medium leaf. 50¢ each

IT (Fairylend Hybrid) (1941)

One of the finest newer Begonia. Grow 14 to 16 inches high, with medium sized, bright green leaves, covered with silver spots. It is a Socatrana X Rex cross, and has lovely Socatrana flower, which are carried in pink clusters. A wonderful houseplant and flowers the year round. Also fragrant. "IT" is a must on your want list. Highly recommended. \$1.00 each

REX SEED

Fresh seed from the best hybrid Rex crosses. \$1.00 per packet

LAVENDER GLOW (Fairylend Hybrid)

A wonderful houseplant that grows to two feet. Can be kept at any height by pinching. The leaf is a iridescent lavender around a black star-shaped central zone. Distinctive Rex. 75¢ each

LUCY CLOSSON (Belgium 1886)

Medium leaves, ovate-pointed with puckered blotches of pink-purple, center zone and margins bronzy brown. Quite different. 75¢ each

MIKADO (1916)

A medium size Rex. The coloring light silver-green flushed with violet. 50¢ each

MOUNTAIN HAZE

An unusual coloring in a Rex. Leaf is medium-sized and covered with minute silver dots, giving it a blue-grey look. Under different light it takes on a rose lavender overcast. 50¢ each

NIGGER TREE (Fairylend Hybrid)

If you want a Rex that will grow to 5 or 6 feet, better try this one, one of the tallest of all Rex's. The leaves are a black-purple like King Edward, but slightly smaller in size. A most attractive and striking Rex. Stock limited. Order filled as soon as stock available. 75¢ each

OREGON SUNSET (Fairylend Hybrid)

This is a truly a magnificent Begonia. The center zone is silver with a lavender cast. A green band is all around the edge and is covered with minute silver spots. A black center and narrow black edge, adds to its beauty. The whole leaf is covered with a sparkling glow, which looks like frost. This should be on your want list. \$1.25 each

REX SEEDLING

By summer 1950 we plan on having thousands of Rex seedlings. These, of course, are unnamed. 50¢ each \$5.00 doz.

Please write for quantity prices.-

PACIFIC SUNSET

This Rex has a medium-sized leaf and is a low grower. Center is dark and surrounded by silver, which takes on a deep pink, metallic lustre. Softly brilliant.
50¢ each

PRESIDENT

Grown in America for over 50 years. Formerly known as President Carnot. Leaves large, olive-green, with conspicuous blotches of silver. An old favorite. One of the better older variety. 50¢ each

PEACOCK (Fairylant Hybrid)

All the colors of a male peacock on parade. Leaves small and colored from the center out in black, reddish pink, silver-green, with silver spots and black margin. One of our top Rex's. Colors vary with the lighting. Stock limited.
\$1.00 each

ROSE MARIE (Fairylant Hybrid)

Medium-sized leaf. Center wine-black, edge with a silver zone. Shaded with Daphne pink. A beautiful Rex. Unusual.
75¢ each

SILVER SWEET (Fairylant Hybrid)

If you want to add one of the best silver leaved Rex's to your collection, we suggest Silver Sweet. A truly beautiful leaf that has a green central zone surrounded by the finest silver. Flowers are pink and fragrant. An excellent houseplant.
50¢ each

SPIRAL REX BEGONIAS

CRINKLES (Fairylant Hybrid)

A silvery-green leaf with a double twist. Dark, green lines running down the veins. New leaves covered with large hairs. Just as crinkled as the name implies. Unusual.
50¢ each

CURLY CARNOT (Fairylant Hybrid)

A good spiral, with green background and raised silver blotches. A sturdy and large grower.
50¢ each

CURLY FIREFLUSH (Fairylant Hybrid)

A wonderful new spiral form of an old favorite Fireflush. It's just as beautiful as its namesake. If you like Fireflush, you will surely want this new spiral.
\$1.25 each

CURLY STARDUST (Fairylant Hybrid)

This is the spiral counterpart of Stardust. Leaf is medium, olive-green, with tiny silver spots, black center and edge. A very nice spiral.
75¢ each

DOUBLE BLACKTWIST (Fairylant Hybrid)

Both lobes of this Rex are spiraled or curled. This makes a very attractive Begonia, and a pot of curls after several leaves develop. Medium-sized leaf.
75¢ each

GREEN COUNTESS (Fairylant Hybrid)

A new and very striking Rex, absolutely different than any you now have. Double spiral, very deep green with a deep wine edge, covered with silver hairs. Medium-leaf, with the leaf stem also covered with red hair.
\$1.00 each

SEED TWIST (Fairylant Hybrid)

Mahogany and silver makes this Rex outstanding in our opinion. Medium leaf, double spiral and very pointed. Choice.
\$1.00 each

TWISTY SPOT (Fairylant Hybrid)

An unusual Rex, with a beautiful spiral leaf, bronze and green shading with silver spots. Small hairs in the center of each spot add to its beauty. Very different.
\$1.00 each

TUBEROUS BEGONIAS

This year we can offer you the finest in Tuberous Begonias that money can buy. We grow only the Pacific strain, which we believe to be the finest. Our stock will produce lovely blossoms five to eight inches in diameter, and even larger with special care. We ship only first grade tubers and plants, so your complete satisfaction is assured. Please order just as soon as you receive this catalog. Cultural directions are sent with all orders of Begonia tubers and plants.

SEEDLING PLANTS

Tuberous Begonia seedlings produce lovely blossoms from July until frost the first season. Seedlings 18 weeks old, twice transplanted, shipped May 15th to June 15th, are priced at 25 for \$5.00, 100 for \$18.00 F.O.B. Salem, Oregon. Sorry no orders for less than 25 plants ACCEPTED due to the cost of packing.

Tuberous Begonia seedlings can be shipped successfully to all parts of the U.S.A., but we can only guarantee safe delivery on the Pacific coast. Not responsible for shipments east of the Rocky Mountain.

DOUBLE CAMELLIA TYPE (Resembles Camellias and Roses)

Dark Red	Scarlet
American Beauty	Yellow
Cardinal Red	Orange
Flame Orange	Pink
Red Salmon	

FIMBRIATA PLENA (Double Carnation)

White	Rose
Blush	Orange
Crimson Rose	Apricot
Salmon	Yellow
Dark Red	

DOUBLE HANGING BASKET

White	Salmon Rose	Yellow
Pink	Salmon Red	Orange
Rose	Scarlet	

DOUBLE CAMELLIA PICOTEE (Two-tone combination, with generally contrasting edge.) Mixed colors only, but includes all shades.

STARTED TUBERS

This season we again are offering well started tubers for those of you who do not have facilities to start them. They will be shipped from May 15th on. No order accepted for less than one dozen. Types and colors are as follows:

DOUBLE CAMELLIA--Dark Red, Orange, Scarlet, Apricot, Rose, Yellow, American Beauty, Light Salmon, Flame Orange, Cardinal Red.

FIMBRIATA PLENA (Carnation Type)

White, Blush, Salmon, Dark Red, Red Salmon, Dark Salmon, Yellow, Crimson Rose, Scarlet, Pink.

\$3.50 per dozen

DORMANT TUBERS

We offer the largest, finest tubers obtainable, two (2) inches or more in diameter. This means larger plants, more flowers, and easier starting. When buying tubers, be sure to check the size. We offer the largest size and strictly 100% American grown. Dormant tubers available in February and March only. Types and colors as follows. 40¢ each - \$4.00 per dozen. Minimum order - accept 1/2 dozen.

DOUBLE CAMELLIA--Dark Red, Orange, Cardinal Red, Light Salmon, Scarlet, American Beauty, Flame Orange, Yellow, Pink.

FIMBRIATA PLENA--White, Blush, Crimson Rose, Salmon, Red Salmon, Rose, Apricot, Dark Salmon, Dark Red.

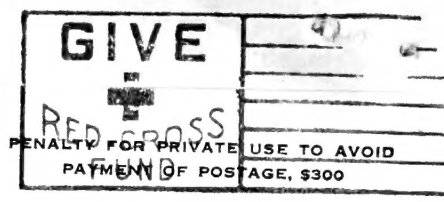

DOUBLE CAMELLIA PICOTEE--Pink, Red, Apricot.

DOUBLE HANGING--Scarlet, Orange, Pink, Yellow, Apricot, Salmon.
